

6 - Documentary and publications

Fortresses of the region are portrayed on film.

"Anyone who has walked along the beaches of Santos, Praia Grande, Guarujá, and Bertioga must have noticed that there are fortresses scattered around the four cities. And these forts were really used for to defend the Port of Santos, as they were being built. The histories of these structures was turned into a documentary, *Defesa do Porto de Santos*, which being released by the producer Nimboo's and was made by filmmaker Ahmad Petruccio" (A TRIBUNA, 11/21/15, D-1).
